

DANCE CENTRAL BALLET PROGRAM PACKAGES - 2024

The ballet programs listed below are recommended for students wishing to follow the Graded & Vocational pathways. Students within these programs study the Royal Academy of Dance (RAD) syllabus and have the option to sit for exams/class awards. All classes within these ballet programs are compulsory and packages have been discounted to help make them more affordable for our DC families.

New students wishing to join these programs will need to book in for a free trial class to determine their correct level. Please contact our Ballet Coordinator ballet@dance-central.com.au to enquire about these programs.

Ballet Extension opportunities are available to students Grade 4 and above who are keen to progress their ballet further. These may include adding a higher-level technical class or a ballet repertoire class. Please contact our Ballet Coordinator ballet@dance-central.com.au to place an expression of interest.
